

ICMSET 2017

October 20-22, 2017 | Seoul, Republic of Korea

2017 6th International Conference on
Material Science and Engineering Technology

www.icmset.com

Introduction

Welcome to 2017 6th International Conference on Material Science and Engineering Technology (ICMSET 2017), will be held in Seoul, Republic of Korea during October 20-22, 2017.

The ICMSET conference is an international forum for the presentation of technological advances and research results in the fields of Material Science and Engineering Technology. The conference will bring together leading researchers, engineers and scientists in the domain of interest from around the world. We warmly welcome previous and prospected authors submit your new research papers to ICMSET Conference, and share the valuable experiences with the scientist and scholars around the world.

Important Date

Submission Deadline	JUNE 30, 2017
Notification date	July 20, 2017
Registration Deadline	August 10, 2017
Conference Dates	OCTOBER 20-22, 2017

Publication

Full papers accepted will be published by Materials Science Forum (1662-9752, Trans Tech Publications), Indexed by Elsevier: **SCOPUS**, **Ei Compendex (CPX)**.

At the authors' choice, those works not suitable for publication can send us the abstract only, and give an oral presentation at the conference as well.

Organizing Committee

CONFERENCE CHAIR

Prof. Ramesh K. Agarwal, Washington University in St. Louis, USA
Assoc. Prof. Jean-Jacques DELAUNAY, The University of Tokyo, Japan
Prof. Ying Tan, Peking University, China

CONFERENCE LOCAL CHAIR

Assoc. Prof. Ho Won Jang, Seoul National University, Republic of Korea

PROGRAM CHAIR

Prof. Shigeyuki Haruyama, Yamaguchi University, Japan

Call for Papers

Topics: The conference is soliciting state-of-the-art research papers in the following areas of interest:

- (01) Materials behavior
- (02) Casting and solidification
- (03) Powder metallurgy and ceramic forming
- (04) Surface, subsurface, and interface phenomena
- (05) Coatings and surface engineering
- (06) Composite materials
- (07) Materials forming
- (08) Machining
- (09) Nanomaterials and nanomanufacturing
- (10) Biomedical manufacturing
- (11) Environmentally sustainable manufacturing processes and systems
- (12) Manufacturing process planning and scheduling
- (13) Meso/micro manufacturing equipment and processes
- (14) Modeling, analysis, and simulation of manufacturing processes
- (15) Computer-aided design, manufacturing, and engineering

Contacts: Ms. Silvia Li (Email: icmset@saise.org)
